General

Loading/unloading: Standard size door on the side of the stage (90x203cm).
Parking: There's a parking lot in front of the theatre. NOTE: To enter the parking lot you have to pass a narrow gate. If you are driving a vehicle larger than a standard van there is a chance unloading has to be done outside the gate.
Dressing room: There is one dressing room available with showers, toilets and a washing machine.
Reception area: The reception area is used for both artists as well as the audience.
Seats: 80 during open performances, 100 during school performances

Stage

Width: 9 meters (approx. 30 ft)
Depth: 11 meters (approx. 36 ft)
Height: 5,2 meters to underside grid (approx. 17 ft)
Floor: Sprung floor with permanent dance vinyl laid from front to back.
Clothing: Black box with drapes on rail, there is a possibility to create 2 wings on each side. Backwall is white and can be used for projection.
Control room: On the right behind the auditorium
Intercom: Not available
**in case smoke or fire will be used during the performance, please inform us so we can deactivate our fire alarms*

Light

Dimmers: 3x Zero88 - Chilli Pro Bypass 12x10A (can be switched to fixed voltage)
Circuits: Our grid is equipped with 4 8-channel breakout blocks which can be accessed from both the left and right side of stage.
Focusing: Rigging and focusing lights will be done with an Alp-lift and/or ladder.
DMX: There's an ELC network available to accommodate multiple universes.

Route

By train

From Breda central station

By foot: 20 minutes

By bus: 5 minutes

By car

Take the exit 15 Breda toward Bavel. Go left at the Franklin Rooseveltlaan. Take exit Center toward Bavel. Go right at Claudius Prinsenlaan. Go left at the Wilhelminasingel. Take the second exit on the right, toward the Nieuwe Ginnekenstraat. Go left on the roundabout on the Van Coothplein. Take

second exit on the right (at the traffic lights), and another right immediately after, that's where our parking lot and theatre are.
